Safety Measure Kit**

Enhances Safety

**WITH OPTIONAL
SAFETY MEASURE KIT**

EXCELLENT FOR DISPENSING CHEMICALS

- Superior polypropylene construction- chemical resistant
- True double action pump – innovative, easy, patented pumping technology
- Delivers on both the up and down stroke – continuous fast flow
- Anti pumping/safety device – deters access by children and unauthorized personnel
- Pumps from base of container – all contents emptied
- Unique Ezi-action® Adaptor Fittings – leak free, secure fit
- Constructed from FDA compliant plastic – confidence with liquid foods
- 24 month manufacturer's warranty – high quality construction
- Fully serviceable – dispense container after container, year after year
- Optional: Tube fitted with Ezi-action® Non-Siphon Check Valve
- Optional: Coloured safety straps for chemical differentiation
- Manufactured in New Zealand

Ezi*action*TM

DRUMPUMP

The EZI Way to Pump!

EZI-action Drum Pumps provide an easy method of dispensing a wide range of liquids including strong acids, alkalis, mild solvents, lubricants, oils, and diesel to name a few, from 5 gallon containers to 55 gallon drums. The patented zero-friction design provides effortless flow of viscous fluids up to 8,800 cps. EZI-action Drum Pumps are ruggedly constructed with polypropylene and polyethylene to perform in hostile conditions. Each EZI-action pump is supplied with the appropriate adapters for quick and easy installation. All EZI-action pumps feature a safety strap, which locks the pump handle in the closed position to prevent accidental discharge of liquids when not in use.

COLOR-CODED SAFETY STRAPS

6 Colors Available!

Optional color-coding of the Safety Strap, when used in conjunction with fluid transferring and dispensing containers, such as Oil Safe containers, minimize the risk of fluid cross-contamination and insures the right lubricant is inserted into the right piece of equipment. Color-Coded Safety Straps are sold separately, see back page.

Ezi-action™

DRUM PUMP

FEATURES

- Easy to install, safe to use, and simple to maintain
- Fits 5 to 55 gallon containers - three sizes available
- Pumps liquid on both the "up" and "down" strokes
- Sits on the base of the container - eliminates waste in containers
- Prevents undesired fluid drip
- Pumps high viscosity liquids
- Full range of drum attachment fittings available
- High volume delivery at low pressure makes pumping chemicals safer
- No wearing parts
- Optional color-coding system available
- Not to be used with highly flammable liquids, strong solvents, or gasoline

SPECIFICATIONS

Material	Polypropylene and Polyethylene
Maximum Viscosity	8,000 cps
Maximum Flow	5-6 Gallon Drum Pump - 6 oz per stroke 15-30 Gallon Drum Pump - 15 oz per stroke 15-55 Gallon Drum Pump - 15 oz per stroke

PRODUCT SELECTION

EZI-action Drum Pumps

Part Number	Description	For Use With
36980-1	EZI-action Pump 200/55	15-55 Gallon Containers
36981-1	EZI-action Pump 60/15	15-30 Gallon Containers
36982-1	EZI-action Pump 25/5	5-6 Gallon Containers

Color-Coded Safety Strap

Part Number	Strap Color
36983	Yellow
36984	Red
36985	Blue
36986	Green
36987	Orange
36988	Purple

The EZI-action Drum Pump can be used to pump fluid to remote areas by attaching a length of tubing to the end of the spout and attaching a hose clamp.

The Dispensing Solution

- Lubricants
- Oil
- Industrial Chemicals
- Diesel
- Cleaning Chemicals
- Mild Solvents
- Strong acids
- Alkalis
